Mousetrapper®

Laptop Stand

The Mousetrapper Laptop Stand is the best partner of iPad, E-Reader, Laptop and Tablet PC. Its ergonomic design helps users solve the problems associated with poor posture. The Laptop Stand has 6 levels of visual height adjustment. Its ability to adjust leads to improved heat dispersal while also contributing to a compact and portable design.

Benefits of Laptop Stand

Are you feeling tired in your neck and shoulders? Maybe it's a matter of the wrong posture while working on your laptop or tablet. The Mousetrapper Laptop Stand helps you keep your head in an ergonomic position. By keeping your eyes in the right height on a comfortable distance your work will be smoother and more enjoyable.
If you still occasionally feel pain in your arm, neck or shoulder – have a closer look of our product line og ergonomic mouse solutions that has helped many to avoid unnecessary pain.
