Mousetrapper®

Mousetrapper Advance 2.0+

MADE FROM RECYCLED PLASTIC

Advance 2.0+ is the premium version of our bestseller, Advance 2.0. It has luxurious wrist support and with no less than 8 programmable buttons you have a range of options to customise your Mousetrapper exactly the way you want it. Advance 2.0+ is also made from recycled plastic.

Benefits of Advance 2.0+

Mousetrapper Advance 2.0+ is the upgraded version of our best-selling Advance 2.0. It features two additional buttons, giving you a total of eight programmable buttons for even more ways to customize your Mousetrapper exactly the way you want it. Button functions can be easily configured using MT Keys.

The premium wrist supports are wipe-clean and can be kept sanitary using disinfectants containing up to 85% alcohol. Advance 2.0+ is also made from recycled plastic.

In addition, Advance 2.0+ includes a fold-out keyboard pad that allows you to adjust the height to match your keyboard. Our Type keyboard is specifically designed to fit perfectly with all Mousetrapper models.
